She is dedicated to teaching those on their path toward assisting themselves and others to heal their body, mind, heart and spirit. Linda's teaching philosophy is one of mentoring therefore is based on her understanding of the importance of continuing support and counsel for her students as they follow their life path as a spiritual healer.

In the tradition of Caroline Myss's "Energy Anatomy", IET is one of the next generation - hands on - power energy therapy systems that gets the "issues out of your tissues" for good.

Our IET training classes are each powerful days of self-healing and energy therapy certification training. In each class, you will be attuned to a powerful angelic energy ray that activates your 12-strand Spiritual DNA. You will then learn how to *heartlink* to the energy of your angels and use their energy for healing. You will learn how each primary human emotion is correlated to a specific physical region of the body, as well as how to use the IET integration power points to clear them. Fully illustrated training guide and certificate provided with each class.

No prior energy therapy experience needed. You can be *an energy intuitive*, and through these IET classes, you will be taught how to *feel* and *interpret* energy flow, *clear* energy patterns in yourself and others, and unlock your soul's purpose.
